# ***Holiday Homework***

## Dear Parents

Holidays are special breaks from our everyday schedules, and we all eagerly await them. Finally, the much-awaited summer vacations are here! The hot, windy days of May and June make us all excited for this long break, a time to relax and have fun.

It's a great time for you to cherish the little joys of your child. It's important to limit screen time and supervise the channels your child watches. Provide valuable guidance and spend quality time with them. Make these holidays memorable by creating a nurturing and stimulating environment at home that is full of fun, excitement, and learning. Here are a few suggestions for parents:

Engage in meaningful conversations every day.

- Read a variety of storybooks.
- Assign small household responsibilities to help them become independent.
- Teach them the importance of moral values in their lives.
- Participate in various indoor games with them.
- While it's crucial to take breaks and have fun, it's equally important to keep learning. Find a balance between work and play, and let your child grow along the way.
- The objective of holiday homework is to empower our students to work independently and enhance their academic abilities. Please take note:
  - Prepare a systematic timetable and follow it religiously from the very first day.
  - Allow them to complete their homework on their own under your guidance.
  - Remember to capture the fun moments while engaging in the given activities and paste the corresponding pictures in your album!
  - Encourage them to dedicate some time each day to writing one page of English in a separate notebook to enhance their handwriting skills.
  - Encourage them to choose two new words from their daily conversations and write them down in their notebook.
